

# Sprint 2 Schedule

**DEER-39**

**DEER-2**

**DEER-13**

**DEER-40**

**DEER-5**

Keeping sprint on schedule by:

- regular communication and sprint meetings
- tracking tasks on jira

We did not complete DEER-40 and DEER-5 due to other midterms and assignments, and an extension was granted. A better way to plan out the tasks next time would be to start working in advance.
